

WARLEY MEDICAL CENTRE FRIENDS & FAMILY TEST

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

June 2018

LIKELY

Doctor was really good. Booking not so great.

LIKELY

Nurse is a credit to the surgery, others could learn a lot from her can do attitude.

LIKELY

GPs are very helpful. Very patient and easy to talk to. Appointment was 45 minutes late. I am concerned the practice is reducing the services it offers.

NEITHER LIKELY NOR UNLIKELY

Too many new doctors, no continuity of care.
